

Ball Corporate Operations deploying Coupa on April 18, 2022

Dear valued supplier,

As a reminder, Ball Corporation is transitioning to Coupa, a cloud-based business spend management system. Our deployment of Coupa is occurring in phases, starting with our corporate entities on **April 18, 2022**. From this date forward, all purchase orders (POs) for Ball corporate operations will be sent to you electronically via the Coupa Supplier Portal (CSP).

Action: Join the Coupa Supplier Portal from March 3-April 11

On **March 3**, your company will receive an email invitation to register in the Coupa Supplier Portal. Please watch for this email from **do_not_reply@supplier.coupa.com** and complete your registration no later than April 11. Your registration on CSP, in addition to providing information about your company is necessary to enable Ball to issue purchase orders to you via the CSP.
