Subject:	Environmental Compliance	Supersedes:	08/22/2012
Countries:	Global		

Scope: The Environmental policy applies to Ball Corporation, its divisions, operations, subsidiaries and joint ventures in which Ball ownership is greater than 50% ("Ball").

Policy: Ball is committed to environmental protection and reducing our environmental footprint, including our impact to air, land, water, and energy consumption. We aim to ensure that suitable measures are in place to eliminate and mitigate risk to protect the environment, as well as our assets.

Ball employees will conduct all business activities and operations in a manner that minimizes impact to the environment. Protecting our global environment is vital to our business and to the communities where we operate. Open and transparent communication with stakeholders is critical in helping us to achieve greater environmental, health, and safety understanding and to continuously improve our performance.

We engage in a rigorous and systematic approach to continuously improve our environmental performance. We strive to comply with all applicable regulations in the countries we operate. Our continuous improvement efforts are documented, maintained, and reported through specific global metrics.
