

Product Summary Fact Sheet

Crowler™

Overview

The Crowler (Can+Growler) is a 32-ounce can filled with fresh draft craft beer. It is seamed at the bar using a table top seamer as a take home container for consumers.

Benefits

The Crowler is a Growler size can that allows consumers to take home their favorite draft beer fresh from the tap. It has the superior qualities of an aluminum can including the ability to block out light and oxygen and provide a shareable 100% recyclable container.

Distribution

Distribution for seamers and 32oz cans will be managed by Oskar Blues Brewery.
