

REDEFINING SHELF APPEAL

Ball is offering a new printing technology that combines matte and gloss finishes on the same can, creating a striking visual presentation.

How Does It Work?

Apply Matte & Gloss to any design or colour for distinct contrast between the reflective gloss and soft, subdued matte finishes.

What Can You Do With Matte & Gloss?

- Apply a matte or gloss finish to any design and colour
- Utilize multiple colours on the same can
- Available for any Ball Aerocan aerosol can size
