We’re committed to building a more diverse and representative Ball Aerospace. The GO BEYOND® Diversity Internship is a paid fall internship program for undergraduate and graduate students who are enrolled in degree-seeking programs and are interested in working in the Aerospace industry. We have designed our program to provide minority college students with an opportunity to learn what business and specifically, the Aerospace industry is all about. Students from all schools and students who identify with a group that is historically underrepresented, including but not limited to Black, Hispanic, Asian, Native American and Women are encouraged to apply.

Here’s what you will need to know:

- Must be in a degree seeking program or enrolled in the following semester.
- Junior year or higher.
- Internships available in a variety of areas, including Engineering, Manufacturing Test and Operations, Facilities, Supply Chain Management, Strategic Operations, Security & Mission Assurance, Finance, Information Technology, Human Resources and more!
- Internship start date is September 14, 2020.
- Paid Internship with competitive hourly wages.
- Interns will enjoy networking and engagement with employees of all levels throughout the organization, including executive leadership.
- Interns share their cumulative knowledge by presenting their completed project to managers and coworkers.
