

BEBO + BEBO2

ALUMINUM IMPACT EXTRUDED SHORT + LONG-NECK PRY-OFF BEVERAGE BOTTLES

From craft beer to hard seltzer, nothing beats an aluminium beverage bottle for sustainability and recyclability. With a variety of print innovations to customize your product, you are sure to stand out from the competition.

HIGHLIGHTS

- Eyeris® hi-definition printing; no labels needed
- Allows creative design options via extraordinary graphics
- Packaging communicates premium, high quality content
- Aluminium package is infinitely recyclable
- Unbreakable
- Protects product from light

NOTES

- Available in various sizes with 26.6mm opening pry-off closure
- BPANI internal coating
- Aluminium impact bottles are adapted to be filled on standard glass bottle filling lines
- Currently produced in France and Mexico. We are open to discuss manufacturing in other regions based on larger volumes.

BEBO + BEBO2
